OnTask
What is EQUELLA®

EQUELLA is an open source digital repository that provides one platform to house your teaching and learning, research, media and library content. EQUELLA has been deployed for copyright resource collections, research materials, managing and exposing materials through websites and portals, content authoring, workflow, institutional policy and organisational resources.
EQUELLA

- Transferred from Pearson 2017
- Commercial support by Unicon, Edalex
- Graduate incubation
Two new projects enter incubation.
Notifications Backbone

• Single point to manage notifications
• Starting incubation
• Initiated by University of Edinburgh
Providing personalised, timely support actions to large student cohorts.

The OnTask Project aims to improve the academic experience of students through the delivery of timely, personalised and actionable student feedback throughout their participation in a course.
Takes data from a variety of systems, but doesn’t use predictive techniques
Three Points of Origin

OnTask: Analytics Research Community

openEQUELLA: Pearson

Notifications Backbone: Longstanding adopter turning contributor
The Next 18 Months: Six Key Themes

1 Membership and financial health
2 Partnerships
3 Communications, outreach & engagement
